

DIAMOND TABLE

SINGLE BASE HEX

simon johns

Dimensions

55" DIA x 29" H

Materials & Construction

Solid White Oak & Hand Polished Aluminum

The central base has an assembly of rectangular columns of different dimensions, congregating, as do the unique individuals around the table.

Description

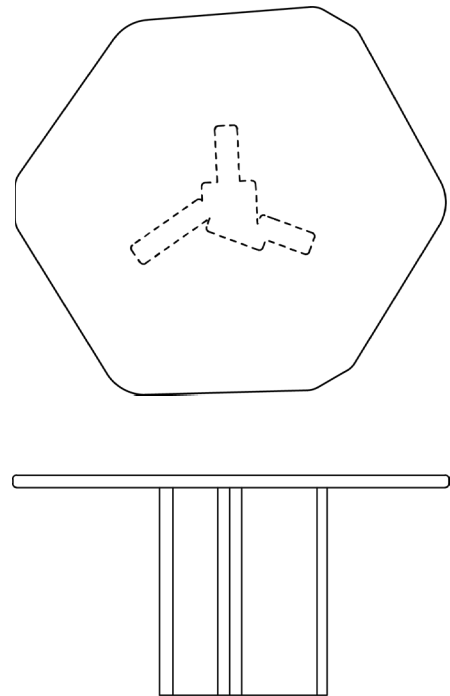

The Diamond Table's slight angles focus guests loosely around an axis; the traditional rectangular approach to seating guests is deconstructed to encourage more dynamic exchanges between people.

Additional Info

Comfortably sits 3 people / can accommodate 6.
