## HOLLACE CLUNY

# KOMPLOT 3D CHAIR UNUPHOLSTERED

### BY GUBI

One of GUBI's most innovative products, the GUBI Chair, is designed by Boris Berlin and Poul Christiansen of Komplot Design. The GUBI Chair is the first furniture design to be based on the innovative technique of moulding three-dimensional veneer. The 3D design gives the chair a comfortable seat and sense of lightness - with all edges pointing away from the user. Due to this ground breaking technology, the thickness of the veneer is allowed to be reduced to half than normally used.

#### **Dimensions**

## Sledge Base: 20.5" W x 21" D x 32.5" H | Seat Height: 18" H Unupholstered seats available in a selection of hi-rek or Centre Base: 20.5" W x 21" D x 32.5" H Seat: 18" Wood Base: 20.5" W x 21" D x 32.5" H, Seat Height: 18"

#### **Material Options**

wood veneer finishes. Metal bases available in a selection of finishes
