

## AND SO I STAND

**MADE BY BY CLASTE COLLECTION**

A console which has four distinct elevations. The strength and weight of the piece creates a sense of stability while simultaneously appearing as if it may fall over at any minute. The asymmetrical, triangular base in combination with the cantilevered top creates a piece that is both simple and complex, fragile and permanent depending on which elevation is displayed.

### **Dimensions**

36 x 18 x 30 in
