

ARCHIVES WALLPAPER

MADE BY BY NLXL

Job Smeets and Nynke Tynagel of Studio Job have selected 7 designs from their library of icons and images. The collection reflects a retrospect of the history of Studio Job. They used archetypical drawings and these universal symbols are combined as iconographic elements for patterns and compositions, ultimately creating 6 designs: Industry, Labyrinth, Perished, Alt Deutsch, l'Afrique and Withered Flowers (Black and Color).
