

## BEETLE DINING CHAIR 3D VENEER

**MADE BY BY GUBI**

The veneer edition takes the organic, nature-inspired form of the original Beetle shell, and adapts it to accommodate the realities of working with veneer. The result translates the Beetle's distinctive curves into a molded wooden shell, giving the chair a new material aesthetic without compromising the comfort for which it has become renowned, and expanding the design's relevance to even more interior settings.
