

## BRASS ARCHITECTURAL COLLECTION S150

**MADE BY BY MICHAEL ANASTASSIADES**

The result of a carefully curated take on an existing series of products, the Brass Architectural collection brings together the simplicity and elegance that characterises Michael Anastassiades' aesthetic. Through a formal economy of shapes and materials, these architectural features call for an understanding of luxury as a discreet presence: glass, brass and nickel articulate a geometric, minimalistic alphabet of forms that adorn the space with luminosity akin to a piece of jewellery.
