

## CH72 SOFA

**MADE BY BY CARL HANSEN & SON**

Carl Hansen & Søn is proud to present a lounge chair and sofa highlighting Hans J. Wegner's unique mastery of upholstery and furniture craftsmanship. Wegner possessed a rare ability to unite aesthetics, function and comfort - a talent clearly evident in the sculptural furniture set the world-famous Danish architect and designer first introduced in 1952. The CH71 lounge chair and CH72 two-seater sofa, which have not been in production since the late 1970s, now join the Carl Hansen & Søn collection.

Both the CH71 and CH72 are characterized by relatively small dimensions, a slim, comfortable, fully upholstered frame, and round, tapered legs in solid wood. The comfortable furniture set features loose cushions and upholstered armrests that are finished with elegant, rounded, solid wood handles.

### **Dimensions**

Height: 84 cm / 33.1 inch  
Seat Height: 41 cm / 16.1 inch  
Width: 130 cm / 51.2 inch  
Depth: 72 cm / 28.3 inch
