

CYLINDER SCONCE

BY APPARATUS

The Cylinder Series is a system of fixtures that elevate the experience of functional lighting. Directional light emanates from recessed points within the simple metal forms. Their streamlined structure and hefty scale allow these pieces to stand-alone or be grouped together, serving as primary or secondary light sources. An adjustable head extends from an elegant armature to provide functional light.

Dimensions

9"H x 5"W x 6"D.
