

DELPHI 7 CHANDELIER

BY **MATTERMADE**

Delphi, a versatile new lighting collection designed by Jamie Gray, is constructed of cast and machined brass paired with fluted glass tubing, paying homage to iconic Greek columns. The proprietary brass chain allows for a variety of lighting configurations and adjustment to suit any ceiling height and multiple use cases. Continuing the engineering innovations that Matter Made is known for, Delphi features a custom LED array, providing 360-degrees of light within each cluster.
