

DIAMOND DINING TABLE 105

MADE BY BY SIMON JOHNS

The Diamond Table's slight angles focus guests loosely around an axis ; the traditional rectangular approach to seating guests is deconstructed to encourage more dynamic exchanges between people. The central base has an assembly of rectangular columns of different dimensions, congregating, as do the unique individuals around the table.

Dimensions

45" W X 105 " L X 29" H

Comfortable seats 8 people
