

## FORMATIONS

### **BY CREATORS OF OBJECTS**

Inspired by earthly and otherworldly landscapes, the FORMATIONS series is the result of experimentation with organic texture cast in a translucent material to express these vivid, unreal terrains. The shaped tops are cast in softly tinted or clear resin, paired with salvaged steel tube bases that have been refurbished into polished sturdy elements. A dramatic textured underside is revealed through glossy polished surfaces of the cast tabletop with a precision routed groove, to ensure a centred and nested fit between the top and base.
