

GREAT EXPECTATIONS

BY CLASTE COLLECTION

This table combines the beauty of marble with a twist of suspense. The triangular legs create for several differing view points where the table in turn feels as if it is supported by the thinnest blades of marble prompting a sense of disbelief yet from another vantage point the legs appear both massive and solid grounding the table with a feeling of strength and permanence. Available with one continuous top or as modules which can be combined together to achieve almost unlimited lengths the table can be customized for any space.

Dimensions

114"x54"x29.5"

Material Options

Available in a selection of marble options.
