

KK47001 SAFARI OTTOMAN

BY CARL HANSEN & SON

Being one of the world's first 'build-it-yourself' furniture items this foot stool is all about functionality. It can easily be assembled and disassembled without tools, making it ideal for being on the move. The Safari stool's obvious companion is the matching Safari chair made after the same simple "knock down" principle. The Safari stool is available in oil-treated light or smoked ash.

Dimensions

22.5" W x 22.5" D x 13.5" H.

Material Options

The Safari stool is made in oiltreated ash – either light or smoked. The seat is available in natural canvas (100% linen) or a selection of leather colours.
