

KLINT ARMCHAIR - MODEL 3208

BY FREDERICIA

The Klint Chair, designed in 1936, epitomises the philosophy of its creator, Kaare Klint, who laid the foundations for Danish design and inspired great designers such as Børge Mogensen. Serving as a modern adaptation of a traditional English Country Chair, the Klint Chair exudes classic elegance. With its high back and carefully calibrated ergonomics, it becomes an exceptionally comfortable chair suitable for both dining and as a statement of craftsmanship.
