

LEAN ON ME

BY CLASTE COLLECTION

One table, multiple configurations. By tilting a box in two directions and experimenting with the number and configuration of the tables, dynamic forms emerge that create numerous possibilities for the look and feel of the finished piece. The angle of the sloped side also creates an unexpected footrest when positioned parallel with a sofa or chair and adds a level of playfulness to the overall design.

Dimensions

39"x39"x12"

Material Options

Available in a selection of marble options.
