

## LUNA KALEIDO 1 TIER CHANDELIER

**MADE BY BY GABRIEL SCOTT**

Inspired by a lunar halo, the LUNA is a highly customizable modular light fixture which grows in every direction as its assembly system stems horizontally or vertically. The new Kaleido Collection plays with texture, color and shape to distort light and create magical optical illusions when looking through the glass. Combining soft iridescent colors with patterned textures and delicately shaped glass beads from the selection found here.
