

## LURE RADIATA SPRIG 1

**MADE BY BY PELLE**

The Lure Radiata Sprig is an illuminated branch that is hand-sculpted from brass wires and cast-cotton paper. The paper leaves are cast, shaped and then painted by hand in our studio. The single sprig is a study of color and composition – poised and illuminated from below to create a dance of light and shadow against the wall.

### **Dimensions**

Dimensions:  
W 21in/53cm x D 8in/20cm x H
