

## MEDIAN SCONCE

**MADE BY BY APPARATUS STUDIO**

The translucent alabaster planes of the median shapes are intersected by a fluted brass form, referencing traditional Middle Easter Jewellery while pushing it through a futurist lens. The stone glows from a light source that remains hidden, illuminating the relationship between the solid and the permeable.

### **Dimensions**

4" Depth: 11", 14", 16", or 20" Diameter
