

MINIMA 2 COLLECTION

BY PATKAU STUDIO

A curious object with luminosity and poise, Minima Lightform 2 by Patkau Studio is a ceiling lamp that softly illuminates any indoor space. The name Minima tells the story of its surface; its sinuous form is the minimum 3D surface between 2D curves. Crafted using a proprietary process, Minima's subtle illumination results from graded filtration through its diaphanous skin. Each lamp is made by hand at Patkau Studios in Vancouver.
