

NIGHTFALL TABLE LAMP

BY TROY SMITH STUDIO

The Nightfall Table Lamp is a striking work of functional art that merges contemporary design with expressive materiality. Sculpted from a solid block of Douglas Fir, the lamp's sculptural base is meticulously hand-carved, showcasing a rich, tactile surface defined by deep, rhythmic carvings.

Together, these elements create an illuminated sculpture that transcends conventional lighting. The Nightfall Table Lamp embodies sustainability-minded creativity. It is not just a source of light—it is a statement piece that celebrates craftsmanship, texture, and the interplay between shadow and form.

Handmade / Limited Edition / With Certificate
Signed and Numbered by Artist Troy Smith
