

## PRIS LINEAR SCONCE

BY **PELLE**

Pris is a slim, sleek lighting system with a futuristic feel. Named after the fembot character in the neo-noir film, Blade Runner, Pris is available in a series of configurations ranging from simple sconces to multi-dimensional chandeliers. Every fixture is an arrangement of machined linear arms, inset with LED light sources. These beams of light, joined by jewel-shaped connectors, are the defining elements of the Pris system. The double-sided LEDs create an immersive environment with warm light. Impeccably stylish, Pris creates an expandable language of visual geometries.

### **Dimensions**

32" L x 6" W x 3.5" D

### **Material Options**

Standard Finish: Satin Brass. Custom  
Finish: Black Brass / Polished Nickel

### **Lamping**
