

ROTATING SCONCE 1 CURVED ARM

BY SERGE MOUILLE

Throughout the 1950s Mouille designed large, angular, insect-like wall mounted and standing lamps with several arms and smaller, more curved wall sconces. He worked to achieve a kinetic, sculptural aesthetic that evoked a sense of movement in space.

The one arm curved sconce is both stylish and practical as it can be used in many different design applications. The shade tilts and revolves on a brass fitting while the arm swings providing a very versatile lighting option.

Dimensions

39" arm x 16" H

Material Options

Finishes: Black or white

Lacquered aluminium and steel with brass ball joints

Each lamp is stamped and numbered
