

SATURNE SCONCE

BY SERGE MOUILLE

Throughout the 1950s Mouille designed large, angular, insect-like wall mounted and standing lamps with several arms and smaller, more curved wall sconces. He worked to achieve a kinetic, sculptural aesthetic that evoked a sense of movement in space.

A sculpted ring reminiscent of a heavenly body encircles the central cone reflector to both diffuse and project light into the room.

Dimensions

12" Dia x 10" H (to ring)

Material Options

Finishes: Black or white

Lacquered aluminium and steel with brass ball joints

Each lamp is stamped and numbered
