

THINK DINING

MADE BY BY SPEKE KLEIN

This glass-topped table makes a striking statement in any room. The solid wood base has an intriguing, interlocking centre joint, creating a beautiful interplay of wood grain and colour where the volumes intertwine. The polished-edge glass top is 5/8" thick and its expansive surface makes the design ideal for dining or as a sophisticated conference table.

Dimensions

60" W x 60" D x 29" H

Material Options

Available in walnut or white oak with clear matte lacquer finish.
